Dear Sir or Madam,

We have pleasure in submitting our annual Catalogue of Ranges and Fish Fryers' requisites.

In introducing this Catalogue we are endeavouring to impart to our Customers a full and detailed specification of our products. We guarantee each specification to be correct. All our Ranges are solidly constructed and embody all the latest principles and improvements. They have been tested under all sorts of conditions and have been favourably commented upon by all Health Authorities, while the thousands of users of our Ranges throughout the Country and the Continent can testify to their abilities. We can make and supply anything connected with the fish frying trade, while Customers have the satisfaction that anything they buy from us has been tested and will be reliable and efficient. We have a staff of competent salesmen engineers who are always prepared to give immediate advice to Customers about any equipment they may require. Prompt and careful attention is paid to all orders and enquiries,

Yours faithfully,

PRESTON & THOMAS, LTD.

THE "VICTOR" 3-PAN EASY CLEAN RANGE.

FOR COAL OR GAS.

The above is constructed in a similar manner to our other High-Class Ranges, only fitted with best Majolica Tiles in our Special Domino pattern, in colours to suit Customers. Tiles are studded on back with nickel-headed bolts, and easily detachable.

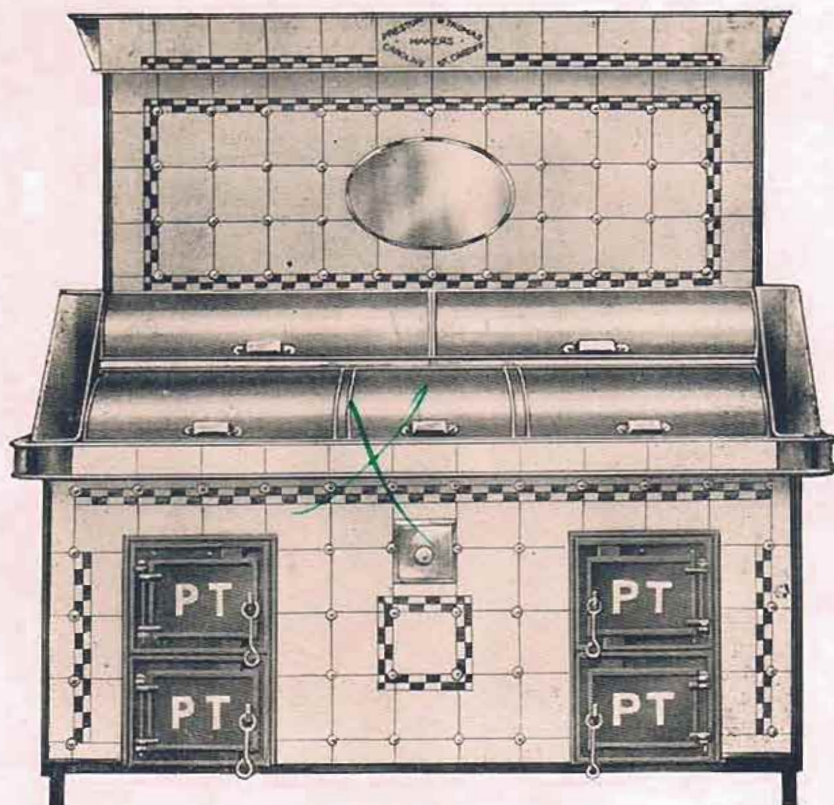

Can also be made with our Fitzhammon Type of Topwork with Sliding Covers.

Can be made with Fittings in Nickel Silver or Stainless Steel at extra cost.

Be Up-to-Date. INSTALL a P. & T. RANGE

"FITZHAMMON" 2-PAN STUDDED RANGE.

FRONT FIRES.

MADE FOR COAL OR GAS.

Fitted with latest condensing system. Hygienic and Efficient.

Oil from fish rack drains back into pan. Oil from chip box drains into drawer underneath. Fitted with sliding detachable covers and sunken chip box.

Note.—These Ranges are designed for customers who have limited space. By adopting this method of front fires customers who have a large trade are able to cope with it as they are able to have a larger pan area in a given space.
